

Nurse Practitioner Licensure by State

This chart displays whether or not a Post program in its entirety satisfies the educational requirements for a specific license. Call admissions/advising to be put in touch with a credentialing specialist to discuss whether partial completion could lead to licensure.

State / Territory	License	Can the educational requirements for the NP license be met with Post coursework?	Can the educational requirements for prescriptive authority (PA) be met with Post coursework?	Post Program and Specialization(s) Needed	Other requirements outside of education including, but not limited to:	Governing Body	Website	Email	Phone Number

*We do not recruit or enroll students residing in any state or territory in which we do not meet the educational requirements for NP licensure.

These programs do not prepare students to pass state-specific jurisprudence, law, or ethics examinations. More information on these types of exams can be found on the individual state websites. The requirements listed above display a portion of the detail found on the individual board websites. Visit the appropriate state for a full list of requirements. Licensure rules can change frequently, visit the state sites for the most up to date information.
