The 2023 Summer Internship Program

“One of the best pathways to becoming a legal professional and gaining connections I would never have considered a possibility before.”

lcd-ne.org

Greetings from Connecticut's Legal Community!

The Lawyers Collaborative for Diversity ("LCD") announces its 6th annual Summer Internship Pipeline Program for college students of color. The mission of the LCD is to unite the resources, energy and commitment of Connecticut's leading law firms, corporations, public sector entities, law schools and bar associations to make Connecticut a more attractive place for attorneys of color to practice law and find satisfying professional opportunities.

We are looking to recruit Connecticut residents who are high achieving student leaders attending colleges and universities and have an interest in a legal career. The program provides exposure to the legal profession and guidance and support along their path towards a career in law. The program focuses on diverse students from Connecticut who come from racial and ethnic backgrounds that have been historically underserved and underrepresented in the legal profession.

Who Can Apply:

The LCD is looking for well-rounded undergraduate students of diverse backgrounds entering their sophomore, junior or senior year at an Connecticut accredited college or university. **Current seniors graduating May 2023 are not eligible.**

How to Apply:

Please visit:
