

MANAGEMENT

LEADERSHIP SKILLS FOR YOUR MANAGEMENT CAREER!

The Bachelor of Science in Management from Post University could help you prepare for leadership roles in many industries. In this program, you will be given the opportunity to explore topics that run the management gamut, from developing stronger teams to boosting workforce diversity to addressing issues involved in organizational design, development, and change.

BACHELOR OF SCIENCE IN MANAGEMENT *OFFERED ONLINE AND ON CAMPUS.*

The comprehensive program dives deeply into contemporary management theories, practices, and techniques for business settings to help you build the essential leadership skills that transcend companies and even industries. The core curriculum for the 120-credit-hour management program covers accounting, quality standards, HR management, foundations of leadership, creativity and innovation, entrepreneurship, and more. You will also have the opportunity to customize your education to your goals with one of these four concentration options:

- **General Management**
- **Finance**
- **Entrepreneurship**
- **MBA Track**
