

ASSOCIATE OF SCIENCE IN CRIMINAL JUSTICE

MAKE THE PURSUIT OF LAW AND ORDER YOUR FUTURE!

The Associate of Science in Criminal Justice from Post University provides a fundamental overview of the field of criminal justice, from law enforcement to corrections to the courts. Through this program, you will have the opportunity to explore the U.S. Constitution and how it applies to criminal laws and procedures. The insights and skills this program has to offer could help you explore entry-level opportunities in criminal law.

ASSOCIATE OF SCIENCE IN CRIMINAL JUSTICE OFFERED ONLINE AND ON CAMPUS.

In addition to an in-depth look at the criminal justice field, this 60-credit-hour online program is designed to help you develop real-world skills for communicating clearly, report writing, fingerprinting, ballistic examination, professionalism, ethical conduct, and crime scene investigations. The core curriculum covers introductions to criminal justice, law enforcement, corrections, security, juvenile justice, criminal law, criminal investigations, and more. Use this education to explore entry-level opportunities in criminal justice upon graduation. Or continue your education with the Bachelor of Science in Criminal Justice program from Post University.

Disclaimer: The Associate of Science in Criminal Justice degree is not designed to fulfill the educational requirements for any professional credential, such as a police officer certification.
