

EMERGENCY MANAGEMENT AND HOMELAND SECURITY

HELP PROTECT MORE THAN YOUR FUTURE WITH A DEGREE FROM POST!

The Bachelor of Science in Emergency Management and Homeland Security from Post University could help you prepare for success as a member of our nation's response to disasters and emergencies, both natural and man-made. In this program, you will have the opportunity to explore the issues, technologies, and emerging threats involved in emergency management and homeland security.

BACHELOR OF SCIENCE IN EMERGENCY MANAGEMENT AND HOMELAND SECURITY

OFFERED ONLINE AND ON CAMPUS.

This bachelor's degree program covers essentials for disaster mitigation, preparedness, response, and recovery to provide you the opportunity to build the skills you could use in emergency management and homeland security roles. The core curriculum for your 120-credit-hour program covers risk and vulnerability assessment, crisis communication, emergency response, decision making, disaster planning, and more. In addition to core homeland security and emergency management insights, your program offers the opportunity to customize your education to your future goals with three optional concentrations, including:

- > **Criminal Justice Leadership**
- > **Cybersecurity & Information Assurance**
- > **Policing**

Disclaimer: The Bachelor of Science in Emergency Management and Homeland Security degree is not designed to fulfill the educational requirements for any professional credential, such as a police officer certification.
