ACCOUNTING

AN ACCOUNTING CERTIFICATE THAT CAN REALLY ADD UP!

Take your professional skills to the next level with a deeper understanding of accounting principles. The post-baccalaureate Certificate in Accounting from Post University covers accounting essentials. In it, you will have the opportunity to study key areas of accounting, including federal income taxes, accounting information systems, auditing, and more.

Certificate in Accounting (Post-Baccalaureate)
Offered online

No matter what you studied as an undergraduate, all you need to begin your accounting certificate program at Post is a bachelor's degree. The 36-credit-hour program offers the opportunity to gain industry-relevant skills in basic financial accounting and auditing. The curriculum covers financial accounting, managerial accounting, federal income taxes, cost accounting, auditing, accounting information systems, and more. These are the skills and insights you could use to pursue opportunities in the industry. Or maintain your momentum by transitioning into a Master of Science in Accounting at Post University.

Disclaimer: This program may be used to partially fulfill Certified Public Accountant (CPA) education requirements. The program is not designed, however, to fulfill CPA education requirements in any specific or individual state.
