ALCOHOL AND DRUG COUNSELING

TAKE YOUR ABILITY TO HELP OTHERS TO THE NEXT LEVEL!

If you have a passion for helping others, especially those battling addictions, the Graduate Certificate in Alcohol and Drug Counseling could be for you. This program could give you the tools to better understand and help individuals and families in the fight against addictions and start walking the path to sobriety.

Graduate Certificate in Alcohol and Drug Counseling

Offered online

The graduate-level certificate program offers the learning experiences you could use to obtain a better grasp and respond to society's complex issues regarding alcohol and drug addiction. The curriculum for the 18-credit-hour program covers addiction biology, addiction psychopathology, alcohol and drug counseling, and group treatment. Two required field placements offer opportunities to apply what you learn in professional settings. You could use the insights and information you gain in this program to advance your clinical skills and the effectiveness of your addiction support efforts. Or continue your educational journey by applying your certificate credits to a Master of Science in Counseling and Human Services at Post University.

Disclaimer: While this program is not designed to fulfill licensure requirements in an individual state, it may be used to partially fulfill licensure requirements. You are responsible for ensuring all requirements are met for any relevant licensures or certifications.
